TURNING POINT

COMMUNITY SERVICES, INC.

TPCS, a community-based organization was initiated in response to the hundreds of individuals and families throughout New Jersey who are homeless or on the verge of homelessness each and every day. Our mission is to help tackle the myriad of issues and challenges that homeless individuals and families face. This can only be accomplished by dealing directly with the problems that tear lives and families apart. Realistic supportive services, combined with respect, security, and a persistent message of hope is what fosters our client's ability to take the next step towards independence.

Although we are making strides in the fight against homelessness, there is still so much work to do. We hope that you will join us in this fight by becoming a friend, and supporter.

Help us feed homeless mothers, fathers and their children in our community.
